

HO TIEN DAT

BUSINESS ANALYST

hotiendat117@gmail.com | 0349591827 | HCMC, VietNam | [Portfolio](#)

As a recent Information Systems graduate passionate about product analysis and development, I bring foundational experience in Fintech software. I aspire to join your team to expand my knowledge, share experiences with exceptional colleagues, and dedicate my full capabilities and enthusiasm toward achieving the company's goals.

WORK EXPERIENCES

Casso Co., Ltd.

September 2025 - January 2026

Associate Product Manager

- Analyzed business problems and user needs to define product requirements, supporting product roadmap definition and MVP planning.
- Authored detailed Product Requirement Documents (PRDs) complete with user stories, user flows, and system logic.
- Designed mockups and prototypes using Figma to visualize product concepts and communicate ideas effectively.
- Collaborated cross-functionally with Developers and UI/UX teams within an Agile/Scrum framework to ensure smooth feature delivery.
- Coordinated with external stakeholders, including banking partners and third-party providers, to align on integration requirements.
- Gathered user feedback post-launch and supported data-driven product improvements.

PROJECT EXPERIENCES

E-commerce Application Development (Bếp Nhà Ta) [Link](#)

May 2025 - July 2025

Team Leader

- Analyzed business requirements, mapped core system workflows using BPMN, and authored detailed User Stories with Acceptance Criteria.
- Developed interactive UI prototypes in Figma for key functionalities and structured the relational database architecture using SQLite.
- Managed project execution through Agile/Scrum methodologies to optimize team productivity and ensure smooth delivery.
