

HO TIEN DAT

BUSINESS ANALYST

datht411work@gmail.com | 0349591827 | HCMC, VietNam | [Portfolio](#)

As a recent Information Systems graduate passionate about product analysis and development, I bring foundational experience in Fintech software. I aspire to join your team to expand my knowledge, share experiences with exceptional colleagues, and dedicate my full capabilities and enthusiasm toward achieving the company's goals.

WORK EXPERIENCES

Casso Co., Ltd, VietNam

September 2025 - January 2026

Product Manager Intern - E Invoice Platform (4 months)

- Conducted market research on the e-invoice sector to identify market gaps, shaping the concept of a "free e-invoice" solution that scales for all user types, from household businesses to large enterprises.
- Analyzed technical documents from data transmission partners and government regulations to author clear Product Requirements Documents (PRDs).
- Designed complete UI/UX mockups using Figma and handed them over to the Development team to successfully build the demo version.
- Demonstrated the product's high potential, successfully persuading the management board to approve and fund the project for official production.

Associate Product Manager - Payment Gateway Platform (2 months)

- Coordinated API integrations, acting as a technical bridge between banking partners, payment providers, and internal Dev teams to successfully launch new payment capabilities and onboard new partners.
- Analyzed monthly usage metrics and proposed targeted promotional pricing strategies for underutilized features, successfully driving user conversion and acquiring 10 new paid merchants within the following week.
- Evaluated error feedback regarding the account verification feature and proposed system/UX enhancements, effectively reducing the user complaint rate by 75% (from 20 down to 5 complaints/week).
